Boost for Erve  
And our History

Mayfield News Service  
Murray, Ky., April 9.—The history of  
Calloway county and the leading citi-  
zens of the past and present. There  
are few writers in this part of the  
country more capable and qualified  
to successfully handle a volume of  
this kind, and we are sure it will be  
a success and will attract the approval  
of that thriving community.

New Postoffice Facing West Is Voted by  
Majority of Citizens Signing Petition

Postmaster M. L. Whitall has  
announced that a majority of  
Murray citizens, who indicated their  
desire on which direction the  
new postoffice should face, favored  
the west side. The number voting  
for the "west side" exceeded those  
balloting for the "north side" about  
25, Mr. Whitall said.

Murray Rotarians Take Attendance Cup at  
Inter-City Meeting of Four Clubs Friday

Not only did Murray bring home  
the attendance cup from the inter-  
city Rotary meeting at Mayfield  
Friday night, but also local Ro-  
tarians did not think they were  
swayed by local pride in their con-  
clusion that Elmus Beale, of the  
local chapter, made by the far the  
best speech of the evening.

## Murray Pastor At Union City

Rev. Ernest B. Motley assisted Rev. E. D. Fritts in a one week's meeting at Union City, Tenn., closing Easter Sunday. Bro. Motley reports a splendid meeting with additions at every service except one rainy night. Twelve additions by baptism. Bro. Motley experienced a rich fellowship with Bro. Fritts and the other pastors of the city. People from practically all the churches attended the meetings. Eight different preachers attended one or more services. Bro. Fritts will assist in a twelve days meeting at the First Christian church in Murray, beginning April 20th.

## South Pleasant Grove

Sixty attended the early Easter service here Sunday morning. Rev. Pike was the principal speaker to the Epworth Leaguers. The gist of his fine address was about Daniel's faithfulness and victory through

great difficulties. The pastor, W. L. Ensor, also made some interesting remarks. At 11 a. m. Rev. Ensor preached an Easter sermon to a large audience.

Young Mr. Guster of Paducah, and John McPherson of Murray, visited relatives here Sunday and attended Easter services.

Miss Tommie Langston, daughter of Mr. and Mrs. Tom Langston and George Shrader, son of Mr. and Mrs. Noah Shrader, all of near Crossland, were united in marriage Saturday. Mrs. May Pool, sister of the bride, and her family and a few near friends were at the wedding supper at the home of the bride's parents Saturday evening.

Van Key who lives on the Mrs. Sallie Cunningham place, had the misfortune of her car being destroyed by fire one night last week. The garage was also destroyed. Cause of the fire was unknown, but it is supposed from the car.

On Sunday, March 29, Uncle Pade Erwin, one of the oldest citizens of the community celebrated his eighty-fifth birthday. His two daughters, Misses Harriet and Pope and five sons, John, Duncan, James, Make and Bob Erwin were all present. They had a sermon on the radio. The oldest guest was Uncle Ben Moore, 83 years, a nephew present. Uncle Charley Erwin, was 78. The youngest guest present was Edric Owens, 5 months old, a great grandson and his mother, Mrs. Auda Erwin Owens, daughter of John Erwin. Thus, four generations were represented. Opal, Ester Lee, Burton and Sheron Erwin, children of Mr. and Mrs. Dunk Erwin were present. Mrs. Dunk Erwin, daughter-in-law and Arrell Owens, grandson-in-law, Mrs. Blanche Myers and Mrs. Lon Hill were also present.

Miss Justine Wraether of Murray State College was a week-end visitor with home folks.

Mr. and Mrs. Willie Cooper and Mr. and Mrs. Alvah Latimer were in Paris Friday.

Mr. and Mrs. Lucian Gupton entertained with an Easter dinner, which was enjoyed by Mr. Joseph Moore and his son, Charley Moore and family, Mrs. Rhoda Tarr and family, of Murray, and Mr. and Mrs. Obie Jones.

Mr. Alice Ellis and family, Mr. and Mrs. J. L. and John Hazel, Mr. and Mrs. Bub Doran and son Glenn, were Easter-guests at the home of Mr. and Mrs. Roscoe Hayes.

Mr. and Mrs. Dennis Boyd visited his mother of Beach Grove, vicinity, who has been very sick for several weeks.

**Lynn Grove Hi Notes**  
Dr. Herbert H. Drennon, head of the English department of Murray State College, has been engaged to deliver the commencement address at Lynn Grove high school on Thursday evening, May 14.

The baccalaureate sermon will be given by the Rev. J. O. Ensor, pastor of Murray, Methodist church, on Sunday evening, May 10.

Eighteen students of the first six grades are on the honor roll with an average of B's or more in each subject for the entire year and have not been absent a day during the year.

They are as follows: First grade, Marjorie Murdock, Mary Elizabeth Armstrong, Laron

Rhodes. Second grade, Calvin Murdock. Third grade: Mabel Wilson, Hilda Mae Darnell, Margaret Key, Mary Frank Erwin, Mary Sue Miller. Fourth grade: Neilson Boyd, Earl Scherffus. Fifth grade: Dorothy Nell Rhodes, Lathen Sutter, James Wesley Wilson. Sixth grade: Lillie Mae Armstrong, Madeline Murdock, Rovine Parker, Tennie Wilson Rogers.

Students who have made an average of all A's and B's but who have been absent as much as a half day or more on account of illness in the home are as follows: First grade: Ella Armstrong, Bobby Nell Enoch, Ruth Scherffus, Stella Josephine Pindergrass. Second grade: Allie Long, Robert Lee Kelley, Daryl Parks, Bargeley Jones, Frieda Nell Rogers, Jessie Lee Filippo, Grace Wilson. Fourth grade: Ralph Boyett Crouch, Vernon Long, Louise Jones, Evelyn Lou Lookhart, Bonnie Lee Williams, Clifford Brown. Fifth grade: James Hughes, Fannie Sue Jones, Martha Nell Stark. Sixth grade: Shiva Nell Clark, Johnnie Rella Jones, Odine Swann, Estelle Todd (all A's).

The list of honor roll students of the third grade who have made all A's and B's but have not been perfect in attendance could not be secured at this writing.

**Almo News**  
Dr. Ryan Innes left last Thursday night, returning to his duties at the Mayo Hospital at Rochester, Minn. He returned by the way of Louisville.

The small son of Mr. and Mrs. Joe Edwards is the sick child. We have as new residents of our town, a Mr. Phillips and family, who we understand will engage in the feed and produce business.

Dr. Phillips was in Paducah Tuesday on professional business. The church services at Temple Hill Sunday were very inspiring. In addition to the regular services a sacred play, "The Challenge of the Cross" was rendered by Mrs. W. T. M. Jones.

Rev. W. T. M. Jones filled his appointments at Temple Hill and Independence Sunday. The young ladies of Temple Hill presented "The Challenge of the Cross" at Independence in the afternoon. Sunday School was organized and an Easter Egg hunt was enjoyed by the little folks.

Percy Hopkins was at home last week-end, from his rail road work, east of Paducah.

The Almo preachers have been gardening this week. But fish, won't bite.

Dr. Burkett, east of town, is building a new tobacco barn to house this year's 50c tobacco crop.

The young folks of Almo and Temple Hill will present "Deacon Dubs," a three-act comedy drama at Faxon High School Saturday night.

Lee and John Barrett and families had some visitors Sunday, but we failed to get the names.

Libbren Rayburn has been on the grunting list for several days. Well, if he gets in this scribbles will come over a fishing tour, or else to a wood cutting. W. T. M.

Roadside audiences on the Pacific coast are being entertained by a talking picture theater on wheels which brings the movies to the patrons.

**Report Dogs Worrying Cow; Threaten Reprisal**  
Farmers living in the extreme West end of the college addition have reported dogs worrying their cows and other stock. According to one farmer, some of his neighbor's dogs ran and worried his purebred Jersey cow for thirty minutes two weeks ago so that she trembled for more than an hour. They were finally driven off by his little daughter.

Those who have been pestered by the dogs have promised to take shot gun action if the canines persist in bothering their stock.

**Letter To Editor**  
ANOTHER BOOST FOR COUNTY HISTORY  
Murray, Ky.  
Box 184, April 6, 1931  
Mr. Joe Lovett:

I was glad to read the announcement regarding the new history of the county, and wish to say that all the people of Murray should cooperate with you and Mr. Johnston in bringing out this volume. The older residents are fast passing away and in a few years they will be gone. Interviewing these old people is one of the best sources for a book of this kind. Many of the records were destroyed by fire that burned the court house a few years ago, and these records, of course, cannot be consulted.

I have been gathering material for bringing out a book of this kind, for the past three years. I have gathered quite a bit of interesting material and if Mr. Johnston wishes he can call at my home and we can go through it, and find what he wants. I am glad to help him in his work. If he feels this material will be of any help he may call any night, which suits him best. The material is in the form of newspaper clippings, hand written pages etc.

Withing your success in your undertaking.  
I remain  
John C. Waters.

**Ill-Advised**  
Chairman Hardin in calling the Democratic state committee together to reconsider its action in ordering a convention to nominate state officers has, in our opinion, made a serious mistake. All of the county which he now suggests for a primary were advanced before the committee's original action. The convention was ordered, after a stiff fight, by the narrow margin of three votes, 25 to 22. The result was made unanimous before the committee adjourned. The action has been certified to the proper authorities at Frankfort, and to the chairman of each county committee. It has been accepted as final, and has been acquiesced in with good grace by all Democrats except the comparatively few who have been agitating a reversal and have been trying to arouse sentiment in the past few weeks. It is fair to assume Judge Hardin feels he has enough votes changed to influence the county committee, and he would not have made the blunder of calling the committee together. This is doubted by many who foresee a larger majority for a convention than in the original vote. In any event, fresh strife will be stirred that bodes no good for the Democratic party in November. The republicans are in a glee. So far as we have been able to ascertain, the sentiment among Democrats

Rev. Hicks, former pastor of Beech Grove, preached at Mount Pleasant last Sunday. Quite a number of Beech Grove church members went to hear him preach. Mrs. West Boyd is getting along as well as could be expected. Born to Mr. and Mrs. H. B. Rhodes a 10 pound girl on April 4.

The infant of Mr. and Mrs. Haslie Williams, which was born on March 25, only lived a few

minutes. Burial was in Salem cemetery March 26th. Dr. and Mrs. Outland and Mrs. Mable Glasgow, Red Cross nurse, met at the home of A. V. Adams last Friday to hold a health conference. On account of bad weather only a few attended. Several were vaccinated against scarlet fever and smallpox. The Branch Homemakers' Club met with Mrs. A. V. Adams on March 11th. Member present were: Asie Armstrong, Beatrice Armstrong, Nell Armstrong, Eula

Armstrong, Nova Mae Routen, Mary Paschall and Vera Adams. Two visitors were also present, Mrs. Snow and Miss Cole. Mrs. Snow was taken in as a new member. Miss Willius, home demonstration agent, was not present. Four from our club are attending the nursing lessons at Lynn Grove. The lessons are very helpful and enjoyable. Mr. A. V. Adams lost a fine blooded calf last week.

## Scientist Explains Spots on Sun

DR. CHARLES H. HIRT

"The conditions that affect the formation and disappearance of sun spots affect our weather conditions on earth," stated Dr. Charles Hirt, head of the physics department of Murray State College, in his lantern-slide discussion of "Sun Spots" in chapel Thursday morning, March 19. Students voted on the nominees for "campus favorites".

Sun spots are found on the outer surface of the sun and never appear alone, but in groups as is commonly said of German soldiers. They are much darker on the inside than on the outside.

"I don't want to show this to minimize the earth, but I want to show up my subject," Dr. Hirt said when a slide was flashed showing how much larger the sun spots are in comparison to the earth.

The sun spot appears to be only a black spot on the entire surface of the sun, but the sun is 93,000,000 miles from the earth and the area is 12,000 times that of the earth.

Using a diagram on a slide, Dr. Hirt pointed out the regions that are known. The known parts of structure are: 1. The chromosphere, which is in a gaseous state on the outer surface and is cool in comparison with (2), the reversing sphere, which is also a gas. 3. The photosphere on the inner ring. A dusky veil is also recognized, but its definite location has not been determined.

If the formation of a sun spot takes only a few hours, it will remain several days. If the formation requires a few days it will remain several months. The sun spot to remain the longest was formed in 1821 and remained for 18 months.

These spots are more frequent in a belt-like formation 450 miles on each side of the equator. The longer they live, the closer they will gradually move toward the sun's equator.

Storm Center  
"A sun spot is a storm center," explained the Murray scientist. To prove this statement, Dr. Hirt pointed out the whirling motion indicated around the sun spot shown on the slide.

Vapors of metals are present, iron being one of them. It has a temperature of 5000 degrees centigrade. The storm winds blow at a rate of 275 miles per second in the sun spots, asserted Dr. Hirt. When these spots are formed and when they disappear, disturbances

are often noted on the earth. These disturbances are magnetic storms.

He explained that a mass of iron tends to exert magnetic influences and hence these sun-spots of iron result in the deflection of compass needles, in static in radios, and trouble in telegraph communication. He believed that sun-spots do not affect weather, but rather the same thing that causes these sun-spots also causes weather changes.

President Wells asked the cooperation of the students in beautifying the campus. Students voted on six out of ten names of men and women as "campus favorites". Mrs. Margaret Kelley, editor-in-chief of the Shield was in charge of the contest.

## Obituary

Never a morning wore to evening but some heart did break. Again the bitter wind has blown and left an empty place in many hearts, especially in the home of Mr. and Mrs. A. R. Raspberry, who on yesterday morning, March 15th, their home was shrouded in the deepest gloom and sadness when the pure spirit of their only daughter, Opal Mae, passed from earth to her home not made with hands.

She was born Oct. 5, 1914. Age 16 years, 5 months, and ten days. She leaves a mother, father, seven brothers and a host of relatives and friends and schoolmates to mourn her untimely death. In many respects she was an unusual young lady. I know not words to fully portray the beauty of her character. She was loved and admired by all who knew her. Always happy and cheerful with every one with whom she came in contact.

She was an affectionate and dutiful daughter. Even in youth she was earnest and diligent and faithfully endeavored to walk humbly in submission to her

STATEMENT OF THE OWNER, SHIELD, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 1930.  
Of The Ledger & Times published weekly at Murray, Ky., for April 1, 1931.

County of attorney. Before me, a Notary public in and for the State and county aforesaid, personally appeared Joe T. Lovett, who, having been duly sworn according to law, deposes and says that he is the editor and publisher of the Shield, a newspaper published daily in the city of Murray, Kentucky, and that the following is a true statement of the ownership, management and circulation of said newspaper for the date shown in the above caption, required by the Act of August 11, 1912, embodied in section 411, Postal Laws and Regulations, printed on the reverse of this form, to wit:

That the names and addresses of the publisher, editor, business managers and proprietors, if owned by a corporation, its name and address, and also immediately thereunder the names and addresses of the stockholders owning or holding one percent or more of total amount of stock, if not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, partnership or other unincorporated firm, its name and address, as well as those of each individual owner, must be given. If the newspaper is published for a proprietor, his name and address must be given. If the newspaper is published for a proprietor, his name and address must be given. If the newspaper is published for a proprietor, his name and address must be given.

That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the names of stockholders and security holders as they appear upon the books of the company but also in cases where the proprietor or security holder appears upon the books of the company as trustee or in other fiduciary relation, the name of the person or corporation for whom such trustee is acting; also that the said two paragraphs contain statements embracing a full and complete list of all persons, firms, corporations, associations, or other entities, whether direct or indirect in the said stock, bonds, or other securities than as so stated by him.

Joe T. Lovett, Editor and Publisher, sworn to and subscribed before me this 15th day of April 1931.  
(My commission expires Jan. 16, 1932)

"When I was a child, if I did not feel well, or if I had a cold, my mother gave me Black-Draught," says Mrs. Ophelia Hill, of Woodford, Ky.

"When I was married, it became a family medicine in my own home, as it was in my mother's."

"I take it for headache and especially for constipation. When I get bilious, my skin gets yellow and I have a very bad taste in my mouth, and a drowsy feeling all during the day. My eyes burn and I get dizzy, or my head is 'swimming.' When I take Black-Draught, it seems to drive the impurities out of my system and I feel fine. I am seldom without this reliable remedy."

## ANOTHER EXAMPLE OF FORD VALUE

Bright, enduring  
RUSTLESS STEEL is used  
for many exposed bright  
metal parts of the Ford

WHEN YOU BUY a Ford you buy enduring beauty. The body finish is made to last for the life of the car and practically all exposed bright metal parts except the bumpers are made of enduring Rustless Steel.

This Rustless Steel has great tensile strength. It is the same bright metal all the way through. A salt test equivalent to forty years' service under the severest weather conditions failed to have any effect on its brilliance. It never requires polishing. All you do is wipe it with a damp cloth, as you do your windshield.

This is just one of many features that show the substantial worth of the Ford. In speed, comfort, safety, economy and long life—in the richness of its finish and upholstery—it brings you everything you want or need in a motor car at an unusually low price.

Call or phone for demonstration.

## Full Benefit of Appropriation

W. S. Swann has raised a vital point concerning the construction of the new Postoffice in Murray. He is sponsor of the idea that a petition should be prepared here and sent to the government, asking that plans and specifications be made sufficient to utilize the increased appropriation of \$90,000.00.

Mr. Swann properly points out that Murray citizens made a successful effort to have the sum raised from \$65,000 to \$90,000 in order to take care of the increased needs of Murray since the original proposal was made and to care for the certain growth of the city in the future. There is, however, he argues, a possibility that this accomplishment may be lost through the fact that a building which would have cost \$50,000 two years ago can now be constructed for approximately \$65,000, the amount of the old appropriation.

The position is well taken. Mr. Swann takes the proper steps immediately to urge the post office department to increase the facilities of the building so that the entire benefit of the later appropriation may be had. Murray needs

it and is entitled to it. The case was proved at Madisonville. That city, too, succeeded in getting an increase in the appropriation but in the meantime building costs had dropped to the extent that when bids were advertised the best offer was slightly under the old sum.

Murray should guard against this needless loss in a building that will be here for generations of service. If we miss the boat there'll be no means of catching it again.

## The Assessment

The Ledger & Times thinks the farmers and property owners of Calloway county would do well to follow the example of their fellow citizens in Harrison county in the matter of property assessment for state and county taxation. There has been agitation in practically every county in the seventh congressional district to have the state tax commission place a blanket decrease on the figures submitted.

The Calloway county figures have already been sent to Frankfort but there is still time to get something done about it if the effort will be made. Undoubtedly the board of supervisors and the county tax commissioner will co-

operate to the fullest in getting this blanket decrease effected. Frankly, we think they owe it to the taxpayers of the county, their neighbors and friends.

Those who go after things usually get them. Consequently, if we sit idly by and accept our assessment as final, while Harrison and other counties get busy and get theirs reduced, there will be still greater injustices in the tax burdens borne by the various counties of the Commonwealth. How about a mass meeting at the court house to get something practical done about this? The lead should and must come from the property owners. Who is interested and who is content with the result of his property being valued within 3 per cent of the 1928 figure?

## JUST JOTS

By Joe

Every football fan, every lover of clean, manly sport, every admirer of good sportsmanship in every human activity, regrets the untimely death of Knute Rockne. Truly, college football has lost its most outstanding figure.

It would be a mighty fine thing if the Southern Bell Telephone company would show its appreciation of the 13 per cent increase in Murray telephones in a depression year by putting in the automatic signal system. Murray is too big and too modern to be compelled to continue the old system of twisting a telephone to get the operator. How about it, Bob Owen?

Scientists aver that on the average a woman's brain weighs 15 per cent less than a man's but we've noticed that a woman's mind usually carries much more weight in an argument.

Last week a long-standing ambition was gratified. I've always wanted to stop by Glasgow, Ky., and visit my good and respected friend Joe Richardson and see the plant where that vigorous, colorful and influential newspaper, the Glasgow Times, is published. Joe has just installed a Model A duplex press, a type of press printing eight pages all at one click from a roll of paper, which the Ledger & Times is ambitious enough to think it needs.

So with that excuse the Jotter and Rolfe Melton, foreman of the Ledger & Times, left for Glasgow last Thursday morning after helping put the Ledger & Times "to bed." Never were men treated with more cordiality, hospitality and courtesy and especially was it greatly appreciated because Joe was just as busy as a one-armed paper hanger together with his new installation, moving every thing in his shop and the strenuous duties of publishing a snappy eight-page, 8-column edition just 48 hours after a previous issue. Joe even took time to drive us nine miles from Glasgow in his Studebaker to enjoy a specially ordered ham dinner, yum-yum! Never will we forget our trip to Glasgow and the kindness of Joe Richardson. And don't let us forget that everybody in Glasgow seems to think as much of Joe as we do.

## Dexter News

The members of the two agricultural classes of the Hardin High School entertained their fathers royally with a Father and Son's banquet Saturday night, April 4, at the high school auditorium. A splendid program was provided, with the assistance of some of the good ladies of the community, and a very enjoyable time was reported by every one present.

Among the speakers of the evening were Mr. D. E. Booker, of Hardin; Mr. Robert Branch, former superintendent of public schools in Calloway county, of Murray; and Dr. Foret, head of department of education at Murray State College, also of Murray. Music was furnished by Miss Ruth Booker and Mrs. R. M. Gardner for the occasion, and readings by Miss Winnie Pace, while Mr. Atwell Jones acted as toastmaster.

Among those attending the banquet from Dexter were: Mr. W. Jones, Mr. Atwell Jones, Mr. W. G. Ferguson, Mr. Lynn Dale Ferguson, Mr. Clint Lancaster, and Mr. Dallas Lancaster.

Funeral and burial services of Mr. Gentry Walston were held Wednesday afternoon at 2:00 o'clock at the home of his parents, Mr. and Mrs. M. O. Walston, Rev. Allie W. Leigh, pastor of Baptist church, Paducah, conducted the rites. He was quietly laid to rest at Stewart's graveyard. Mr. Walston resided in Paducah and was a prominent grocer for a number of years. He came to the home of his parents on Sunday, March 29, when taken ill, therefore his lingering illness of drowsy sleep the vitality daily. Gentry bore his affliction with a great soldier's all kindness and consideration of feelings of those caring for him. As his illness and in his last hours of his feeling and condition of his weakened, dear mother who helped him bear burdens and nursed him, until strength failed her. He was always glad to see relatives and friends to last. Every week gave reports for home news of his own condition; at days later to have the Ledger & Times read to him each week. Appreciative of every good deed done for his welfare, gave one inspiration; always a loveable duty to perform in sickness and sorrow. Mr. Walston was born and reared in this county and has many relatives and friends well known to him here and Paducah. Scores of relatives and friends motored out for services from Paducah. Mr. Walston attained a great confidence in mastering ten operations and attained hopes of recovery up to last few days, of which he often spoke. But at last God's will be done not only he died in "Peace with his God," leaving Love for all those about him at the end. He leaves to mourn, his widow, Mrs. Lillian Walston, brother, Rex, all of Paducah, also, his aged parents here and scores of other relatives.

Mr. and Mrs. Elmer Young of Gilbertsville attended the funeral of Mrs. Young's cousin, Mr. Gentry Walston, Wednesday.

Mrs. N. C. Woodall, Mrs. Jeff Edwards and sons, of Almo, were Sunday afternoon callers on Mr. and Mrs. Eugene Woodall.

Mr. and Mrs. Frank Starks, and daughter, Mrs. Louis Ernestberger and son, Thomas Edward, attended the funeral and burial of Mr. Reuben Groves of near Benton, one day last week. Brother John White conducted the services at Union Hill. Burial was at Stark's graveyard. Mr. Groves was a nephew of Mrs. Starks.

Mr. and Mrs. Jesse Mathis, and son, Pat and friend, Miss Alphonse Shigemaki, motored here Sunday from Paducah for an afternoon visit with Mr. and Mrs. O. F. Curo.

Mrs. James Hardesty and daughter, Martha Sue, of Paducah, were Easter guests of Mrs. Hardesty's father, Mr. Dem Mizell. Mrs. Eunice Joffe, her sister and family, also were Sunday guests of Mr. Mizell.

Mr. and Mrs. Minus Barnett are reported on sick list this week. Misses Meadow and Martha Hale of Murray and Mrs. Richard Walston were Sunday afternoon callers on Miss Mand Woodall.

My! Oh, my! What a fine suggestion Mr. E. G. Wadlington of Hopkinsville, Ky., former citizen of Murray, gave to the "world" in his letter to Courier-Journal, re-printed by Editor of The Ledger & Times. All citizens as well as radio lovers should boost for a broadcasting station for their county-seat and city of Murray. Make Murray attractive to more interesting in every way possible. It's your county seat and old home.

Mr. and Mrs. Frank Hardesty and son, Bobbie Starks, were Easter guests of her parents, Mr. and Mrs. Frank Starks. Mrs. Hardesty and her family will remain for a week's visit here.

Mrs. H. Curo is spending several days visiting in Paducah this week.

Mrs. Ferguson is owner of a "brand" new Ford. It certainly does shine.

Misses Jessie Woodall and Edna Weaver, and Misses Bernice and Bernice Brown, motored over to Canton, Ky., Sunday afternoon.

Frank Walston was not feeling as strong as last report when this went to mail.

Miss Lela Belle Haley was Sunday guest of Miss Eugenia Woodall.

Mr. and Mrs. Eugene Tarry and family were guests of Mr. and Mrs.

My good friend John M. McLean, superintendent public printing at Frankfort, sent me by mail some very valuable literature about Kentucky—but more later on John Mack.

Peach, pear, apple, and plum are in full bloom; there will be a fine fruit crop this year. "That's the way it reads in my book."

## Martin's Chapel

Claud Miller, salesman for the Purina Mills of St. Louis, spent Saturday night and Sunday at the home of his father and mother, Mr. and Mrs. Frank Miller. Mr. Miller's territory is West Kentucky and Tennessee. We are always glad to see Claud back in the neighborhood again. It has been some time since he has been home.

John Braswell was sick the latter part of the past week. Mr. and Mrs. C. M. McNutt and son, Leo, of Buchanan, Tenn., spent Sunday visiting his brother, J. R. McNutt, and family.

Little Evelyn Sue, the eleven months old daughter of Mr. and Mrs. Clinton Atkins, is recovering from her third attack of double pneumonia this winter. Mr. and Mrs. Raymond Parks and son, Carmon, spent Sunday with Mrs. Parks' father, Mr. Bud Key, and family.

Miss Emma Elizabeth Ford, of Lynn Grove, spent last week visiting Raymond Parks and family. Mr. Parks is Miss Ford's uncle.

Troy McNutt accompanied Prof. and Mrs. A. B. Austin of Murray State College, to Halladay, Tenn., last Thursday afternoon to attend graduation exercises. Professor Austin delivered the commencement address to the graduates of the school there.

A birthday party was given to Carmon Parks, son of Mr. and Mrs. Raymond Parks, on last Thursday evening, April 2, at 7:30. Many of Carmon's friends gathered in to celebrate his 16th birthday. The guests present were: Mrs. Emma Elizabeth Ford, Lynn Grove, Miss Corinne, James, Ralph and Cornell Wells, Cleon and Lester Cunningham, Miss Minnie Marshall, Miss Nell Adams, Harry Coles, Miss Hilda Hillman, Hubert Coles, Antheil Wicker, Miss Ola Wicker, and John Braswell. Many interesting and funny games were played till 11:00, then refresh-

### Catalogue - Bulletin for 1931-32 Is Issued by Murray State Teachers College

The catalogue-bulletin for 1931-32 at Murray State College was issued recently. It contains the latest requirements, and descriptions of college courses.

With 171 pages, the bulletin is one of the most compact and instructive catalogues ever issued by the college. Definite instructions are given regarding the work necessary for certificates, diplomas, and degrees. Each department has listed the needed requirements for majors, minors, and required work in its field.

The bulletin on its first page announces freshmen week for the fall of 1931. It then lists the

associations to which Murray belongs. They are: Kentucky Association of Colleges, American Association of Teachers Colleges, Secondary Association of Colleges and Secondary Schools, and Approved Library School.

After stating the calendar for the year, the bulletin lists the names of the regents' executive council and administrative force of the college. The college faculty is then listed. It includes 63 members, both in the college and the Training School.

Sixteen faculty committees are listed in the bulletin. They are:

executive, appointments, entrance, curriculum, student activities, public exercises, social library, publications, registration, schedule, extension, student welfare, training school, buildings and grounds, and athletic committees.

#### Gives History

The catalogue-bulletin then goes on to summarize the history of teacher-training schools in the state, and gives a short description of Murray. That the college expects students to attend chapel and classes regularly is set forth in a separate paragraph.

The social life of the college is described by the list of societies, clubs, musical organizations, college athletics, and college debating are mentioned.

The eight buildings on the campus, which will cost \$1,500,000, are described fully. The recently constructed men's dormitory, and the library building which is under construction are both mentioned in this list.

Laboratories in the college receive full discussion. The home economics department has a supply room, kitchen, and dining room. A practice house is to be maintained during the second semester in order that students may gain actual experience in home management.

The biology department has three large laboratories which are modernly equipped with scientific instruments for the study of botany, zoology, and general biology.

Two laboratories and lecture rooms are maintained for chemistry students. The physics laboratory is equipped with demonstrational apparatus, as well as with apparatus for the most refined laboratory measurements.

In the Training School there are four large laboratories, two supply rooms, and one lecture room.

Discussion of the Training

School and its purpose, the description of the men's and women's dormitories and regulations regarding them are given in the catalogue.

#### Requirements Listed

For an A. B. degree without a certificate there must be presented 128 hours, 50 of which are in 200 subjects. The work must include a course in hygiene, 2 hours foreign language, six hours of English, and 15 hours of Liberal Arts subjects. For a B. S. degree one must fulfill the requirements for the A. B. degree and have 60 hours credit in science and mathematics.

For college certificates prescribed courses must be taken in education, and in teachers courses.

The work offered in the various departments, departmental requirements for majors, minors, and certificates, and the time at which they are offered are listed from pages 57 to 171.

Work is given in the following fields: agriculture, art, biology, education, English, public speaking, library science, Journalism, Latin, French, German, geography, physical education, home economics, mathematics, band, orchestra, vocal music, piano, violin, psychology and philosophy, chemistry, physics, history, economics, sociology, and government.

#### THE WORK OF THE RED CROSS

(Elizabethtown News)

The work of the American Red Cross in the drought-stricken area of the United States by providing food, bedding and clothing to the destitute and unfortunate has been one of the greatest of all the noble achievements of this benevolent organization. It has enlisted throughout the drought-stricken areas the voluntary service of thousands of splendid men and women who have worked unceasingly to distribute the funds in the way of food and clothing to the unfortunate. The Hardin county chapter has done a splendid

### Know Your Home

Mrs. Clyde E. Purcell, who is chairman of historical work for the First District, Kentucky Federation of Women's Clubs, announces the plan of work for the first district—and appeals to the school children to compete in the various contests which are being offered.

Purcell asks that high school pupils list (in the area of their high school district) rivers, creeks, lakes, bays, hills, ridges, towns, postoffices, homes of persons of note (whether soldiers, statesmen, lawyers, physicians, ministers, educators, authors, musicians, etc.) also battlefields, markets, pioneer forts, block houses, memorials, old taverns, churches, schools, cemeteries (abandoned as well as those now in use); trails or other places of historical interest, and places of scenic beauty, mentioning what county, state or federal highway each is on or near.

Accompanying this, those entering the contest are asked to give any and all items of interest that part of the country in their high school district, and data why all the above

did work in this respect. Both the men and women connected with the relief organization and the volunteers throughout the county have given unstintingly of their time and talent to save human life and to make reasonably comfortable those who were in dire distress. In some instances people who had not tasted food were given an abundance for their needs. Those who were comparatively naked have been clothed, and some who were sleeping on bare floors have been provided with mattresses and bed clothing. It is astonishing how much has been done and how well it has been done, but does not this fact that more than a thousand people have been ministered unto bring to mind the truth that those who are comfortably well off are too often unkindful of those who have nothing? We imagine that every year in this county and in the counties there are many cases of real distress and suffering right around the homes of

places were so named. They are to include with this copies of old ballads, legends and stories.

Mrs. Purcell asks that they also give list of antiques; this will include furniture, musical instruments, brass, silver, jewelry, iron, glass, china, weapons, uniforms, clothing, coverlets, quilts, jewelry, books, land grants, newspapers, give name of publisher and date of latter. If the history of the county has been written, when and by whom.

The seventh and eighth grade pupils may arrange similar data, but instead of ballads, they are asked to list via: (in their school district) native woods, flowers, birds, animals, minerals, etc., and arrange collections of wood. They are also to give list of antiques, same as above, giving any interesting data concerning these as well as the name of the present owner.

Brochure on "How the Counties and County Seats of the First Congressional District of Kentucky Got Their Interesting Names" may be used as guides in tracing the romance of place names.

opulence and abundance, and yet they do not hear the cry of the needy. The Red Cross has lifted high to meet and relieve the distress caused by a year of drought, but let the News ask the God-fearing and the God-loving people of this county whether there is not a cross higher than the Red Cross; a Cross that they look to and that He who died upon this Cross said, "He who gives a drink of water in my name shall not lose his reward." And did He not say, "Inasmuch as ye have done it unto the least of one of these, referring to the homeless, the naked and the hungry, 'ye have done it unto me.' Should not the spirit of the Nazarine be the spirit of all those who profess Him, and whether it is the Red Cross or the Cross of Calvary that we look up to we should not forget that the greatest in the Kingdom of Heaven are those who do the most here for their fellow men.

### FIRST NATIONAL BANK Murray Ky.

### Choose Chevrolet six-cylinder trucks for low first-cost and unsurpassed economy

The economy of using Chevrolet six-cylinder trucks is an actual dollars-and-cents economy that shows up, month after month, on the balance sheet. It starts with a purchase price that is one of the lowest in the market for a complete unit. It continues throughout Chevrolet's long life with an operating cost that is unsurpassed!

Consider, for example, the cost-records of leading national organizations who use large fleets of Chevrolets. They prove

(1) That no other trucks of equal capacity give any better gasoline, oil or tire mileage than Chevrolet. (2) That the cost of keeping a Chevrolet in satisfactory running order is unusually low. (3) That Chevrolet trucks are exceptionally reliable and long-lived.

Today, Chevrolet's proved economy is available to buyers in every truck-using field. For Chevrolet offers a new line of quality bodies that includes a type for every hauling requirement.
